

## **Steps in developing a Collaborative Arrangement**

1. Agree a rough plan as to what you both/all want to achieve
2. List the starting position, and what each party is bringing at the start
3. Do a year by year activity plan, to achieve end goal
4. Decide how, what, and where investment will be done and financed
5. Decide who will be responsible for what and do what
6. How are costs, revenue and profit are to be split

### **To work an arrangement must deliver for all parties**

1. Income security and enhancement
2. Title security
3. The land to be farmed
4. Farm development and adding value to the farm
5. Continued family involvement
6. Quality of life and social benefits
7. Tax efficiency
